

**My work is essential,
for others and my family.**

**When I am not working,
I stay home to prevent the
spread of COVID-19.**

Other ways I keep my family safe:

When I go to the grocery store,
the rest of my family stays home.

When I am at work or in the community,
I stay 6 feet away from others.

When I get home, I wash my hands with
soap and warm water for 20 seconds.

#IProtectMyFamily
